

Burger Burger are proud to serve to you in Cheltenham the finest, freshest, most divinely delicious burgers ever made. We are not fast food, but boy, we're not slow either. If you're in a rush just let us know, if you want to linger, feel free, you can even enjoy our free web access. We support the environment totally and what we can recycle we do. Even this menu is as environmentally sound as we can get. We are continuously striving to improve so please let us have any of your ideas. Our beef is from traditional breeds reared locally and hung for twenty eight days before we use it. Our chicken is free range. We make no apologies for the fact that it's accordingly more expensive. Our bread is hand baked by the Hobbs House Bakery in Nailsworth overnight and delivered to us fresh every morning. They only use locally milled flour. Where we can make the food ourselves we do. On the premises our burgers are hand-made, our chunky chips are hand cut, all our sauces and relishes are made on the premises so we can guarantee you fresh, fresh, fresh. Even our puddings are hand-made. Where we don't make it we've chosen only those suppliers who we consider to be the best of the best. Tap water is pretty much a free resource for us and we think it tastes great. We serve it free so please just ask when you want a refill.

How it works...

Normal

Our normal burgers are anything but normal! Choose between 7oz of 100% beef heaven or 4oz of free range chicken breast or 7oz of Cotswold lamb. Cooked medium unless you tell us otherwise, lightly seasoned they're the reasons burgers were invented. Served in a choice of either an old fashioned sesame seed bun, or a rustic wholemeal harvester roll (with the exception of our Leo Sayer which is served in a ciabatta).

Stoppers

Sometimes you're really hungry and a stopper is the only choice. Same absolute taste sensation just more of it (10oz beef / 7oz chicken / 10oz lamb). Served in a huge sesame roll.

Sliders

Sliders are new and you're going to love them! Choose one of our slider options and you get a divine selection of three mini burgers served on a single plate. Easier to eat, they give you a truly diverse and sensational taste experience. Your trio will be served in mini buns and taste exactly the same delicious way as the rest of our burgers.

Kids

Kids can enjoy sliders too. Choose from the kids options and they will receive 2 sliders, 1 side dish and unlimited juice.

Burgers...
